

Selecting a Frame Style

In order to get started with the custom upload feature so that you can upload your own photos for framing, blocks, etc then firstly you will need to select an image.

To do so, please click “Upload image” and find the image you wish to use.

One selected, you will see the image in the box as displayed above.

Click on Start Upload so that you can proceed to the next step of the process.

Choosing a size

The screenshot shows a web interface for uploading an image. On the left, there is a 'Select Picture' input field, an 'Upload Image' button, and a 'Start Upload' button. Below these is a note: 'We accept jpg and tiff files under 10 mb in RGB format.' A green arrow points from the 'Upload Image' button to a central image preview of fireworks. To the right of the preview is a box for size selection. It contains the following text and fields:

Maximum Printable Size:
11.0cm X 6.2cm

Input your Preferred Size:

Width	Height
11.0 cm	6.2 cm

Image width & height will be in ratio of your original uploaded size. The uploaded image size must be smaller than Max Original size, the input size will be carried forward to the order page.

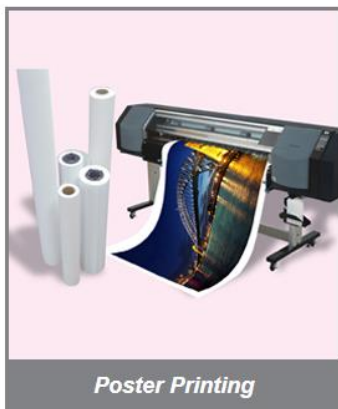

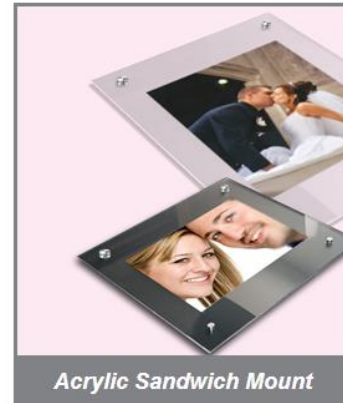

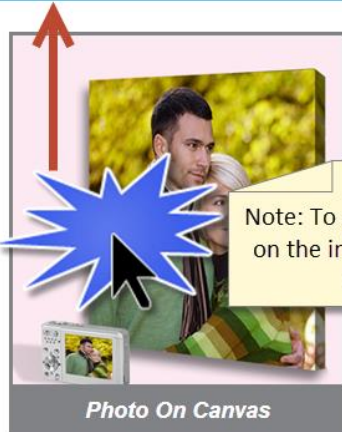

Once your upload has been completed, you will see a new section appear on the right hand side. It will show a preview of your image. Please confirm that this is the right image for the order.

Once confirmed, please enter in your preferred size in the box. The system will automatically generate for you what the maximum printable size for the photo is.

Once you've confirmed the photo and the correct size, you may proceed to scroll down for the next step on the website.
