

Selecting a window shape

The first thing you'll need to do, is make your selection of a window shape. This will determine what type you're after and will allow you to proceed with the next steps of your order.

Selecting a mat size

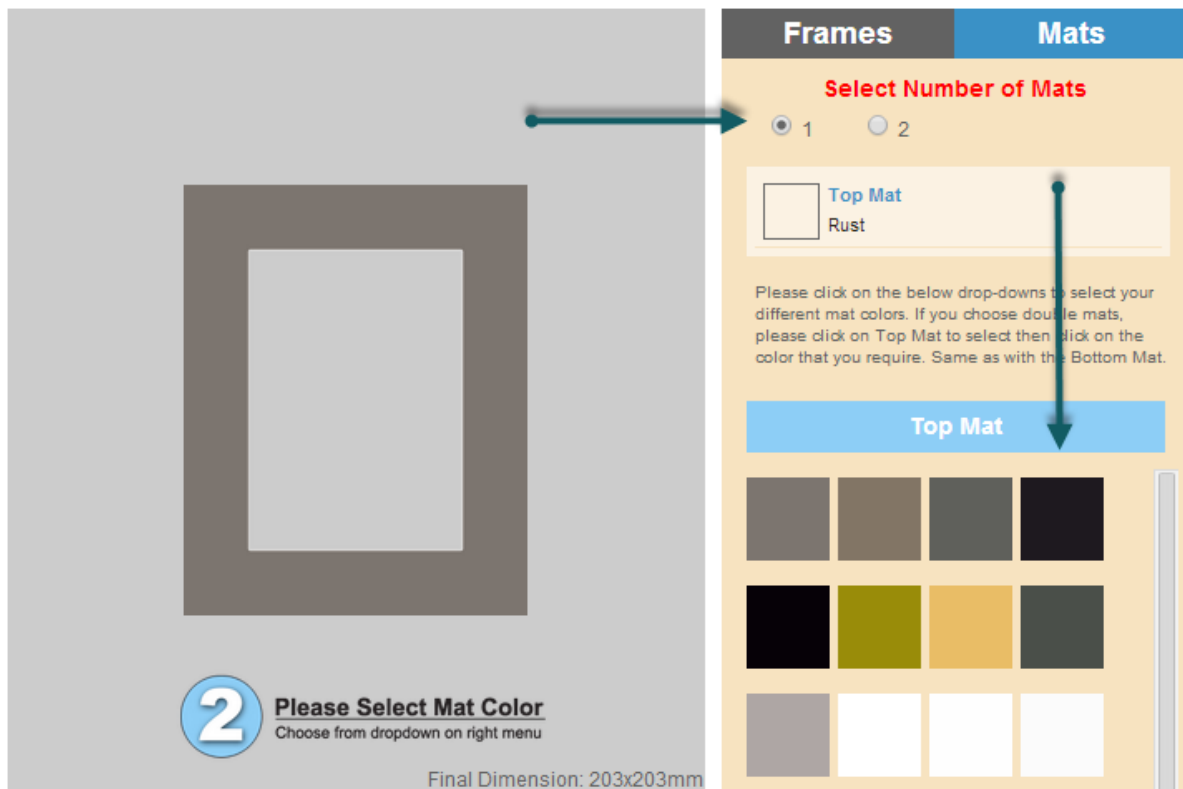

Please Note: The preview is just for an idea and might not reflect the exact frame-thickness and dimension nor the mat color(s).

Mat colors might vary on screen compared to actual mat colors.

| Qty | Size | Price |
|----------------------|---------------|-------|
| <input type="text"/> | Select Size ▾ | |

Select a mat size through the drop down box as your next step. You may also choose the quantity on the left hand side before proceeding.

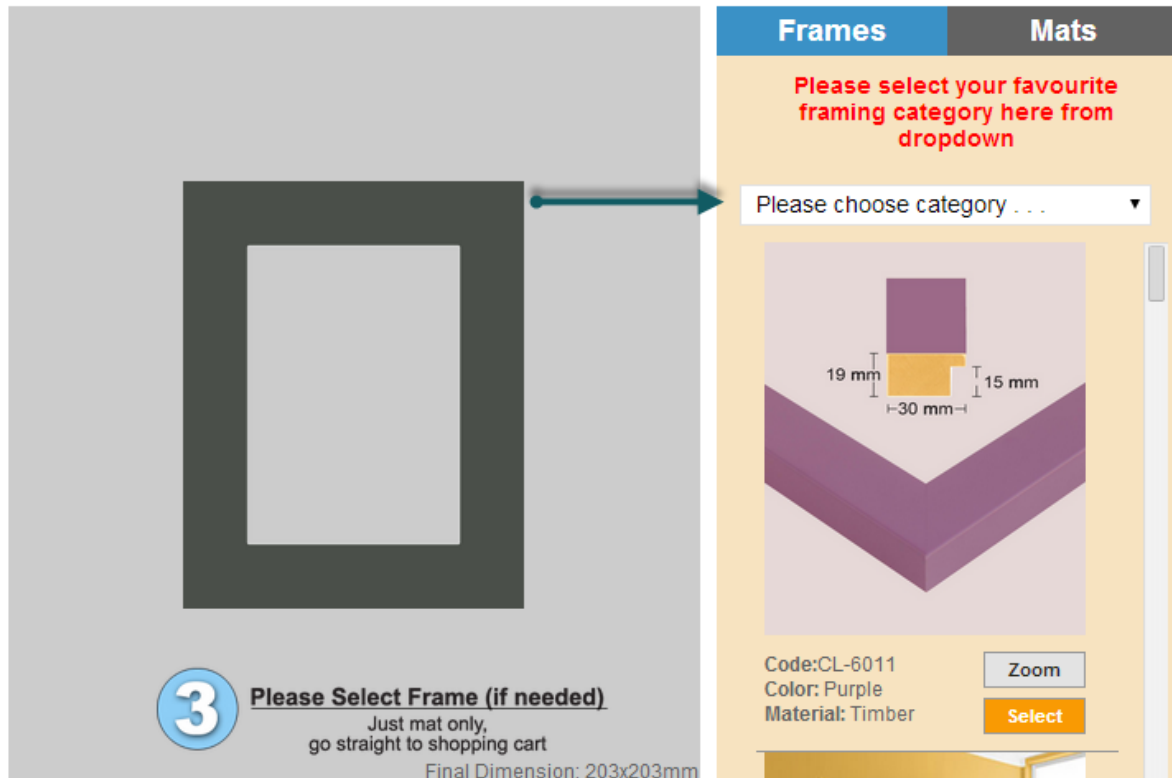

Selecting a mat colour

The next step would be to choose your preferred mat colour. From here you can also choose the number of mats that you would like.

If you choose two then you will need to provide a colour for your bottom mat as well on the same screen.

Selecting a frame (Optional)

If you require a frame, then please click on the “Frames” tab next to “Mats” and proceed with choosing a category of the frame type that you’d like and then simply make a selection for that frame.

This is optional and if you would like to only order a mat then you may proceed to your order summary immediately.

Confirming your order

Please Note: Single refers to single layer mat, double refers to double layer mats.

All frames come with 2mm Clear Glass and 3mm MDF backing. If you like to change the glass or backing, please select from the drop down features under Your Order below.
